_____? _____? _____?

Other Skills or Experience

List other skills or experiences potentially useful to a team such as teamwork experience, planning/managing, other programming projects, or work experience. List any students you would prefer to work with.

I'm open-minded and easy-going. And I'd love to work with different people. Leading a team nor cooperating with team members is not strange to me. Besides, I am familiar with python, and I think this skill might be useful to a team.
